**To whom it may concern\*\*\***

**just a last message to let you know, that this website will die out in less than 30 days.**

**It comes like a decision to me, that the so-called collective Noiseworks will end here aswell. My believe in local talents is reduced to nothing. Other people have to take over :-)**

**Finally its time for me do someting different in my life, right now. (Noiseworks 1989\* - 2011+)**
